AR

Dear Jelena Jovicevic,

on behalf of the ATLAS Speakers Committee, I would like to invite you to give a 12-minute talk at the ICHEP2020 in Prague, Czech Republic, from 28th July 2020 to 6th August 2020.

Please note that this is a virtual (i.e. remote) only conference. Therefore, this talk will be counted with a reduced weight compared to a talk at a standard (i.e. in-person) conference.

The title of the talk is:

**Higgs boson production in association with a  $t\bar{t}$  pair at the ATLAS experiment**

Please acknowledge receipt of this invitation **immediately** so that I know you are aware of the invitation and considering it.

We recommend that you confer with your Institute representative before accepting the invitation, and would be delighted if you let us know before **28th May** if you can accept this invitation. I hope you can!

Please submit your availability through the following link:

<https://glance.cern.ch/atlas/speakers/invitations>

You can indicate your preferred conferences, black dates and favorite talk subjects in the [personal input](#) section of your [SCAB profile](#). Keeping your personal input up-to-date helps make the process to select speakers more efficient.

[Click here to download the abstract.](#)

Best regards,  
Aurelio Juste Rozas  
(for the ATLAS Speakers Committee)
